Overview

About this Owner's Handbook

This Owner's Handbook describes all Rolls-Royce Connect functions for all standard, national market and optional equipment offered. Therefore, it also describes functions that may not be available on a vehicle due to its particular model, equipment level, production version or national variant. The same applies to safety-related functions and systems.

Symbols used

"..." Identifies texts on the control display or iPhone for selecting functions.

General

Principle

Rolls-Royce Connect integrates iPhone apps into your car.

- ▷ The apps are shown on the car's control display.
- ▷ You use the controller to interface with the apps.

Some of the functions on the iPhone can be used without a connection to the vehicle.

Please also refer to the information on Rolls-Royce Connect in the Owner's Handbook for your car.

Functions

The Rolls-Royce Connect app includes the following functions.

- ▷ Web radio
- ▷ News
- ▷ Send to Car
- ▷ Google™ Local Search

Requirements

- ▷ Compatible iPhone: 3GS, 4 or 4S
- ▷ Compatible software
- ▷ Corresponding mobile phone contract

Extra charges may be incurred due to use of broadband data services.

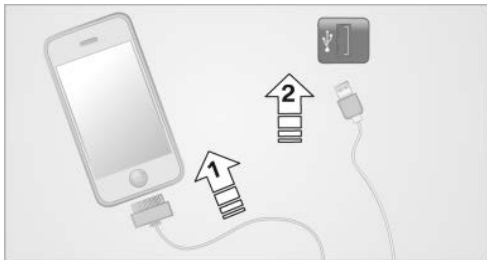

Starting up

Connection options

- ▷ Snap-in adapter
- ▷ Apple USB lead

Connecting

1. Plug the Apple USB lead into the iPhone, see arrow 1.

2. Plug the USB connector into the car's USB interface, see arrow 2.

Activating

1. Connect iPhone.
 2. On the iPhone: select the Rolls-Royce Connect app.
 3. On control display: "Applications"
 4. "Rolls-Royce applications"
- All available Rolls-Royce Connect functions are listed.

Functions

Web radio

Principle

Enables transmission of internet radio stations.

The reception quality is dependent on the location of the vehicle and the broadband data connection.

Favourites

You can store up to 50 stations as favourites.

Opening favourites

1. "Rolls-Royce applications"
2. "Web radio"
3. ☆ "Favourites"
4. Select favourite.

Saving favourites

1. "Rolls-Royce applications"
2. "Web radio"
3. ☆ "Add to favourites"

The currently selected station is saved to the list of favourites.

Deleting favourites

1. "Rolls-Royce applications"
2. "Web radio"
3. ☆ "Delete from favourites"

The currently selected station is deleted from the list of favourites.

Station search

A-Z search

Searching for specific station names.

1. "Rolls-Royce applications"
2. "Web radio"
3. 🔍 "Search for station"
4. "A-Z search"
5. Select at least three letters.

To enter a space:

Select the  symbol.

To delete letters, if necessary:

▷ To delete individual letters:

Select the  symbol and press the controller.

▷ To delete all letters:

Select the  symbol and press and hold down the controller.

6. "OK"
7. Select station.

By location

Searching for stations in particular geographical locations.

1. "Rolls-Royce applications"
2. "Web radio"
3.  "Search for station"
4. "By location"
5. Select continent.
6. Select country.
7. Select state/city.
8. Select station from alphabetically arranged list.

By genre

Searching for stations featuring specific genres.

1. "Rolls-Royce applications"
2. "Web radio"
3.  "Search for station"
4. "By genre"
5. Select genre.
6. Select station from alphabetically arranged list

In the local area

Searching for stations close to the vehicle's present location.

Deactivation of search option possible

1. "Rolls-Royce applications"
2. "Web radio"
3.  "Search for station"
4. "Local stations"
5. Select station.

Rolls-Royce Top Station

Searching for favourite stations and Rolls-Royce web radio stations.

1. "Rolls-Royce applications"
2. "Web radio"
3.  "Search for station"
4. "Rolls-Royce Top stations"
5. Select Rolls-Royce web radio station or Top Station.

Latest results

Displaying the latest search results

1. "Rolls-Royce applications"
2. "Web radio"
3.  "Recent results"
4. Select station.

Similar stations

Displaying stations similar to the station currently selected.

1. "Rolls-Royce applications"
2. "Web radio"
3.  "More stations like this"
4. Select station.

Station details

Displaying additional information on the station currently selected, e.g. station name, logo, address or phone number.

1. "Rolls-Royce applications"
2. "Web radio"
3.  "Station details"

Sound quality

Bit rate, format and overall quality can be selected.

1. "Rolls-Royce applications"
2. "Web radio"
3.  "Audio quality"
4. Select sound quality.

Switching to the Rolls-Royce Connect menu

When you exit web radio, the system automatically switches to the Radio menu. To continue, switch to the main menu and select the following again: "Rolls-Royce applications".

Switching from web radio to iPhone music player

Music playback starts as soon as a track is selected or when a different track is selected.

News

Principle

- ▷ RSS news feeds can be received.
- ▷ They are shown on the control display/iPhone.
- ▷ Settings/entries are made directly on the iPhone.
- ▷ Read out loud function of voice control system can be used.

Viewing preset news items

1. "Rolls-Royce applications"
2. "News"
3. Select news item.

Selecting an RSS feed

1. "Rolls-Royce applications"
2. "News"
3. "Source/RSS feed"
4. Select RSS feed.
5. Select news item.

Scrolling is not possible while you are driving.

Changing news item

- ▷ Previous news item:
Select the ◀ symbol.
- ▷ Next news item:
Select the ▶ symbol.

Reading news out loud

- ▷ To start reading out loud:
Select the ▶ symbol.
- ▷ To restart reading out loud:
Select the ◀ symbol.
- ▷ To read out the previous paragraph:
Select the ◀ symbol.
- ▷ To read out the next paragraph:
Select the ▶ symbol.

Adding an RSS feed

Settings are entered on iPhone.

1. Unplug iPhone.
2. "Rolls-Royce Connect"
3. "News"
4. "Edit"
5. "+"
6. Select "RSS feed URL" or "Website/URL".

7. Select RSS feed.
8. "+"

Deleting an RSS feed

Settings are entered on iPhone.

1. Unplug iPhone.
2. "Rolls-Royce Connect"
3. "News"
4. "Edit"
5. Select RSS feed.
6. "Delete"
7. "Done"

Send to Car

Principle

Destinations selected in Google™ Maps can be transferred to the car's navigation system with the aid of the iPhone. Manual entry of the destination in the car is not required.

Function requirements

- ▷ To receive destinations via the iPhone and transfer them to the navigation system:
Active Rolls-Royce Connect user account.

Selecting the desired destination

1. Select destination in Google™ Maps.
2. Send selected destination to a Rolls-Royce Connect user account.

Transferring destination to navigation system

1. "Rolls-Royce applications"
2. "Send to Car"
List of all available destinations. The destination last received is at the top of the list.
3. Select destination from list.
4. 🗺️ "Start guidance"

The destination co-ordinates are transferred to the Rolls-Royce navigation system and set as a new destination.

Selecting the destination's phone number

If a phone number is stored, you can select that number directly in the Rolls-Royce Connect app.

1. "Rolls-Royce applications"
2. "Send to Car"
3. Select destination from list.
4. 📞 "Call"

Google™ Local Search

Principle

Google™ Local Search allows you to search for addresses by location. By entering keywords you can search for nearby places for the following locations:

- ▷ The current location of the vehicle
- ▷ The current navigation system destination
- ▷ A location entered manually

Search

Current location

1. "Rolls-Royce applications"
2. "Google Search"
3. "At current location"
4. Enter keyword for places to be searched for.
5. "OK"
6. Select place from list.
Address, phone number and website address are displayed if available.

Current destination

Requirements: route guidance must be active.

1. "Rolls-Royce applications"
2. "Google Search"

3. "At destination"
4. Enter keyword for places to be searched for.
5. "OK"
6. Select place from list.

A different location

1. "Rolls-Royce applications"
2. "Google Search"
3. "At another location"
4. Enter address of required location.
5. Enter keyword.
6. "OK"
7. Select place from list.

Transferring address to navigation system

1. Select desired destination from list.
2.  "Start guidance"

Selecting the place's phone number

If a phone number is stored, you can select that number directly in the Rolls-Royce Connect app.

1. Select desired destination from list.
2.  "Call"

Help with problems

Malfunction

In the event of malfunctions or error messages, proceed as follows:

1. Unplug iPhone.
2. Reconnect iPhone.
3. Restart the Rolls-Royce Connect app.

If the problem persists, proceed as follows:

1. Switch off iPhone.
2. Reconnect iPhone.
3. Restart the Rolls-Royce Connect app.

If the problem still persists, reset the iPhone: to do so, simultaneously press and hold the following buttons for at least ten seconds:

- ▷ Home
- ▷ Standby

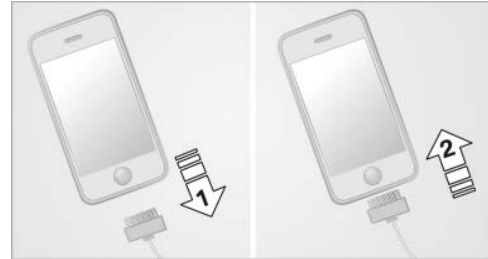

If the problem still persists, initiate a self-diagnosis.

Self-diagnosis

The self-diagnosis tests the connection between the car and the iPhone.

Carrying out

1. Unplug the iPhone, arrow 1.

2. On iPhone: "Rolls-Royce Connect"
3. "Information"
4. "Check connection"
5. "Self-diagnosis"
6. Reconnect the iPhone, arrow 2.

Result

- ▷ Successful connection: "Connection OK"
- ▷ No fault present: "OK"
- ▷ Fault present: self-diagnosis aborts.

Fault rectification

1. "Information"
2. Follow the instructions.

If the problem persists, go to the Rolls-Royce Connect support page at: www.rolls-roycemotorcars.com/connectivity or contact your service centre.

Connection failed

1. "Information"
2. Follow the instructions.

If the problem persists, go to the Rolls-Royce Connect support page at: www.rolls-roycemotorcars.com/connectivity or contact your service centre.

If the iPhone has been restarted

If necessary, disconnect and reconnect the iPhone in order to be able to use the Rolls-Royce Connect app.

The Rolls-Royce Connect app is closed in the following situations

- ▷ If an incoming call is received.
The Rolls-Royce Connect app is restarted after the phone call is finished. There may be delays in the process.
- ▷ When making an outgoing call.
